SHANTHINIKETHAN EMHS   **2015 - 2016**
10th– (92.5%)   *Udupi,Karnataka*

Technical Skills

ReactJS | JavaScript | Redux | NodeJS | ExpressJS | Firebase | MongoDB | HTML5 | CSS3 | Postman | TailwindCSS | Material-UI | Styled Components

Experience

Cognizant Technology Services   **Feb 2022 – Present**
Bangalore, Karnataka

Programmer Analyst (Oct 2023 – Present)

- Focused on building components for specific websites using HTML, CSS, JavaScript, and React
- Collaborated with project teams to understand design requirements and functional specifications.
- Implemented responsive web design principles to ensure optimal user experiences across different devices.
- Contributed to the improvement of code quality, performance, and maintainability.
- Engaged in continuous learning and stayed updated with the latest industry trends in web development.

Programmer Analyst Trainee (Oct 2022 – Oct 2023)

- Served as a Program Analyst Trainee at Cognizant for a year.
- Specialized in identifying and rectifying bugs in web development projects.
- Focused on HTML, CSS, and JavaScript to conduct thorough bug analysis and correction on basic websites.
- Engaged in continuous learning and stayed updated with the latest industry trends in web development.

Intern (Feb 2022 – August 2022)

- Interned at Cognizant for a duration of 6 months.
- Actively participated in designing and developing basic websites.
- Worked on HTML to structure web content and create the foundation for websites.
- Utilized CSS to style and enhance the visual presentation of web pages.

Projects

Slack-Clone | *React,HTML,CSS,Javascript,Redux-Toolkit,Firebase,Styled-Components,Material-UI*   **Code-Link Link**

- Developed a Slack clone project using modern web technologies for a comprehensive learning experience.
- Utilized React to build the user interface, creating dynamic and responsive components for a seamless user experience.
- Integrated Redux-Toolkit for efficient state management, ensuring a centralized and predictable data flow within the application.
- Demonstrated proficiency in combining multiple styling approaches (Material UI and Styled-components) to create a visually appealing user interface.
- Used Firebase for Google authentication and cloud firestore for realtime database
- Acquired valuable experience in building modern, responsive, and feature-rich applications with a diverse set of technologies.

Cinemate | *React,HTML,CSS,Javascript,React-Router,Tailwind-CSS,TMDB-API* **Code-Link   Link**

- Developed Cinemate, a movie information app, to provide users with details about various movies using a modern tech stack.
- Utilized React-Router for efficient navigation and dynamic routing.
- Utilized Tailwind CSS for efficient and responsive styling.
- Utilized TMDB-API for movie info.

Taskmate | *Reactjs,Javascript,HTML,CSS* **Code-Link   Link**

- Developed Taskmate, a Todo app, with full CRUD (Create, Read, Update, Delete) operations using a modern tech stack.
- Utilized React hooks, such as useState and useEffect, to manage state and handle side effects within the application.
- Developed Read functionality to display the list of tasks dynamically, providing an overview of pending and completed tasks.

Trainings

Coding Ninjas **Jan 2023 - present**

- CareerCamp React—Full Stack Web Development: Link
- CareerCamp Front-End—Full Stack Web Development: Link
- CareerCamp Back-End—Full Stack Web Development: Link
